

Mr. Michael Powell, Chair of the FCC:

Please do not allow the FCC to further reduce the breadth of media voices. The health of democratic discussion of public issues is not to be measured by the "market efficiency" of the corporations that play the major role in delivery.

At the very least, the FCC should not take any action on media concentration rules

without first sponsoring wide public discussion of the proposed changes and their

consequences. To go ahead with the vote currently scheduled for June 2 is to proceed with a travesty of the FCC's obligations to the public interest.
